Public seminar on Osmače and Brežani

Saturday 10th May 2014, 9.30 am-1.30 pm

Treviso, Spazi Bomben

The seminar precedes the ceremony, to be held later the same day, at which the Prize seal will be presented to those responsible for the care of the designated place. It is therefore an opportunity to come into closer contact with the figures who led and experienced the events that have generated the energy needed to undertake the journey back and tend the land as a way of reviving the practice and spirit of living together. It also offers an occasion for direct dialogue with significant parts of the invaluable network providing help and support for their efforts and aspirations.
